BURLEYS

Maintaining the future

G. Burley & Sons is one of the foremost Grounds Maintenance and landscape companies operating within the South East that is still a family run business.

Founded in 1951 by George Burley as an offshoot to the civil engineering company J. Burley & Sons which had played an important war time role maintaining airstrips and other vital facilities for the MOD.
The company now employs 150 full and part time people based predominantly at our head office and workshops in Dorking.

With sights firmly set on the changing needs of the 21st Century, as well as an overwhelming sense of responsibility for the environment which will be inherited by our children, Burleys have wholeheartedly embraced an Integrated Management System, combining both Quality and Environmental Issues – Maintaining the Future.
